1	INSTITUTIONAL PLANNING	<p>Institutional Plan is a document planned in the beginning of every academic year to realize the goals of the organization keeping in view of the objectives, local resources, constraints, previous year's feed back from the stake holders, and priorities of the JNV. As it is a road map to the institution, all stake holders are to be involved in its preparation. Areas like academics, administration, developing physical facilities, community linkages, pace-setting activities, campus beautification etc of Vidyalaya should find their due place in it. It can be used as a document for decentralization of administration through formation of various committees for ensuring participatory management. The process of framing the Institutional Plan by the concerned committee at the Vidyalaya level should be initiated well in advance and kept ready for implementation at least one week in advance of the commencement of the new academic session 2011-12. A copy of it should be placed in Vidyalaya library for day to day reference and another copy of the same to be sent to NVS R.O before the commencement of the academic session.</p>																						
2	SCHOOL ASSEMBLY:	<p>The morning assembly is intended as Miniscule of activities through out the day leading for concentration, dedication, acquiring knowledge and information, creativity and aesthetics.</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: center;">Activities</th> <th style="text-align: center;">Time (minutes)</th> </tr> </thead> <tbody> <tr> <td>Roll call (House wise / Class wise)</td> <td style="text-align: center;">2</td> </tr> <tr> <td>Navodaya Prayer</td> <td style="text-align: center;">3</td> </tr> <tr> <td>Pledge</td> <td style="text-align: center;">1</td> </tr> <tr> <td>Thought for the day</td> <td style="text-align: center;">1</td> </tr> <tr> <td>Meditation</td> <td style="text-align: center;">1</td> </tr> <tr> <td>News Head Lines (International, National, Regional, Local, Sports, importance of the day)</td> <td style="text-align: center;">3</td> </tr> <tr> <td>Student talk</td> <td style="text-align: center;">3</td> </tr> <tr> <td>Community Song</td> <td style="text-align: center;">3</td> </tr> <tr> <td>Address by the MOD / Principal</td> <td style="text-align: center;">2</td> </tr> <tr> <td>National Anthem</td> <td style="text-align: center;">1</td> </tr> </tbody> </table>	Activities	Time (minutes)	Roll call (House wise / Class wise)	2	Navodaya Prayer	3	Pledge	1	Thought for the day	1	Meditation	1	News Head Lines (International, National, Regional, Local, Sports, importance of the day)	3	Student talk	3	Community Song	3	Address by the MOD / Principal	2	National Anthem	1

	<p>The assembly may have various activities like Prayer, Pledge, Silence, Speech, Thought for the day, Community song, importance of the day and any interesting and valuable information.</p> <p>The Vidyalaya Prayer should be recited with dedication and emotion by the students. Music Teacher should ensure the rhythm and melody in the Prayer and Community Song.</p> <p>The subsequent activities are to be properly worded and modulated. The content in the speech is to be edited properly; MOD should invariably address the Morning Assembly.</p> <p>The minimum time frame for activities of Morning Assembly should have maximum effect on the minds of the stake holders.</p> <p>Total time taken for the conduct of the Assembly is 20 minutes. It is desirable to conduct assembly in all the three languages by turn. The PETs, Music Teacher, the House Master of the House on duty and Duty Master will ensure that all activities are performed within the time limit and students leave the assembly to the respective class rooms in proper marching in tune with the drum beat.</p>
<p>3</p>	<p>SCHOOL CALENDAR:</p> <p>School calendar is the most important document prepared by the Principal in collaboration with all the staff of the vidyalaya in the beginning of the academic session which is the guiding force for the entire session. The school calendar should encompass all the Scholastic and Non-Scholastic areas which include importance of days / functions / activities etc., with specific in charges so as to effectively organize for the benefit of the students.</p>
<p>4</p>	<p>VIDYALAYA TIME TABLE AND ALLOTMENT OF PERIODS:</p> <p>The following points are to be taken care while preparing the time table :-</p> <ol style="list-style-type: none"> 1. The services of Art Teacher, SUPW Teacher, Music Teacher, Librarian, and teachers of Language-III are to be taken for running supervised study periods in the afternoon. 2. Only the concerned subject teachers are to be put on duty for remedial teaching. 3. All staff members will be put on duty during supervised study by turn in the night. The daily routine details of total no. of periods to be given to the teachers & no. of period to be allotted to each subject, class wise is given as under:

5

ALLOTMENT OF PERIODS TO PRINCIPALS AND VICE PRINCIPALS

Principal and vice principals have to handle a minimum of 8 and 12 periods respectively. They have to handle a particular class/section instead of handling one period each in all classes

6	ASSESSMENT AND MONITORING:
6(A)	<p>BENCHMARK FOR THE YEAR 2012 NVS has fixed the following benchmark for its JNVs:</p> <p>CLASSES: VI to X: 100 % Pass</p> <p style="padding-left: 40px;">Average C.G.P.A.: 8.0</p> <p>XI& XII: 100% Pass, 75% Distinctions</p> <p style="padding-left: 40px;">Subject Average: 75%</p>
6(B)	<p style="text-align: center;">COVERAGE OF SYLLABUS AND CONDUCT OF VARIOUS EXAMINATION</p> <ol style="list-style-type: none"> 1) The Split-up of syllabus is available in this manual. It has to be completed 100% for class XII by 30th Nov, 2011 and other classes by 15th February 2012. 2) Strategies are to be decided for systematic revision of syllabus. Sufficient time is to be provided to students for revising the syllabus. 3) The schedule for unit test (XI &XII), formative Assessment (FA-I, FA-II, FA-III, FA-IV) and summative Assesment (SA-I, SA-II) is enclosed with this manual. 4) Every JNV has to strictly follow the guide lines given by the H.qrs. and R.O for conducting various tests. 5) Coverage of syllabus and conduct of unit test, formative Assessment and summative assessments for VI to X should be uniform for all Vdyalayas 6) The Vidyalaya has to send the result analysis of formative Assessment from VI to X directly to the cluster I/C Asstt Commissioner. For summative- I and Summative -II for classes VI,VII,VIII,IX & X(only SA1) and Ist term (XI & XII), II term (XI only) to be submitted to RO within 48 hours of completion of examinations. (ANNEXURE-V) 7) An explanation from the teachers is to be obtained by the Principal wherever the subject average falls below the target fixed by the Head Quarters i.e 75% for XI & XII, and B1 grade for VI to X .

8) The practicals in physics, Chemistry, Biology, Geography, Computer science & Science, for board classes should be completed by the end of Nov, 2011 and record work should be completed by Dec.2011.

9) A complete record of various practicals conducted as per syllabus should be maintained at Vidyalaya level.

10) There should be a correlation between the marks allotted in internal examinations, practicals and marks obtained by the students in external examinations. A large deviation in the board results reveals the poor quality of evaluation at the Vidyalaya level.

6(C)

CONTINUOUS AND COMPREHENSIVE EVALUATION:

1. The central Board of Secondary Education introduced the scheme of Continuous and Comprehensive Evaluation in its schools in a phased manner for classes up to class X. NVS decided to adopt the same CCE concept for classes VI to VIII from the academic year 2011-2012 onwards. The status quo will continue for IX & X classes and there will be no change in the testing pattern for classes XI & XII.

2. **In general, for the purpose of the CCE**, an academic year has been divided into two terms. The first term will be from **April – September** and the second term from **October – March**.

The CCE in classes is intended to provide holistic profile of the learner through evaluation of both Scholastic and Co-Scholastic areas spread over two terms in a year.

3. **Evaluation of Scholastic areas:** Each term will have **two Formative assessments** and **one Summative assessment** for evaluation.

FORMATIVE/SUMMATIVE ASSESSMENT:

Type of assessment	Percentage of weight age in an academic session		Month	Term wise weight age	
	VI to VIII	IX & X		VI to VIII	IX & X
FA1	10%	10%	April/June-July	50%	40%
FA2	10%	10%	July – Aug.		
SA1	30%	20%	Sep		
FA3	10%	10%	Nov –Dec	50%	60%
FA4	10%	10%	Jan. - Feb		
SA2	30%	40%	Mar.		

In a view to having uniformity in formative assessments, certain weightages are given to each and every category of assessment tools.

4. Summative Assessment: The Summative assessment is the terminal assessment of performance at the end of instructions. Under the **end term Summative assessment**, the students will be tested based on the following criteria:-

- Syllabus for Classes will be as per split up of syllabus given in the curriculum
- The Summative assessment will be in the form of a paper-pen test conducted as per CBSE guide lines.

APTITUDE AND PROFICIENCY TEST:

Physical Efficiency Test:The Aptitude of a child reflects the inherent capacity, talent or ability of a child. Aptitude tests are known to be reliable predictors of future scholastic achievements as they provide a profile of strength and weakness of a student.

	<p>Highlights: It is a battery of aptitude tests, which also combines interest profile of a student. The CBSE aptitude test coincides with the onset of adolescence and beginning of career concepts. It is also aimed to empower a child with self knowledge. The CBSE Students Global Interest (SGI) purports to reduce the mismatch between the Aptitude and the interest. The aptitude can be of various types like Scientific Aptitude, Social Aptitude, Behavioural Science Aptitude, Numerical Aptitude, Art Aptitude and other interest areas.</p> <p>These tests are conducted for class X students by CBSE to know the students preference for subjects after class X. However, it should also be taken as indicator or facilitator. It would help the parents, teachers and students to initiate a dialogue on subject choices together with students' assessment from other sources. The Principal may assess the number of class X students' interest to enrol for these tests and thereafter register online on the CBSE website.</p> <p style="text-align: center;">THE PHYSICAL EFFICIENCY TEST</p> <p>It pertains to cardiopulmonary endurance, flexibility, muscular strength and muscular endurance. In order to achieve these objectives, a teacher has to conduct a battery test in different areas/events to assess the child stamina, endurance, team spirit, coordination, level of confidence and above all inherited capacity of a child to perform in the physical efficiency domain. Various activities are suggested for this purpose:</p> <ul style="list-style-type: none"> • Conduct of field events i.e., jumps, throws, track events and various games like volley ball, foot ball, kabaddi, khokho, badminton, cricket, hockey, etc. • Various exercises leading to adoption, progression, specificity, overtraining, balance, cardiopulmonary endurance, aerobic fitness, etc. <p>Physical Education Teacher in the Vidyalaya can perform these tests and record the achievements for judging the children potential and physical efficiency.</p>
6(H)	Schedule of Board Examination: <i>As per the schedule of CBSE</i>
7	<p>CO-CURRICULAR ACTIVITIES (CCA) IN JNVs:</p> <p>To nurture the latent talent of children Co-Curricular activities play a vital role in school curriculum. All the more it is relevant to residential set up like JNVs which has lot of scope for conducting various activities under CCA. In the light of Continuous Comprehensive Evaluation (CCE) it is imperative on the part of the school to conduct CCA in meticulous way and evaluate the different skills of the students.</p>

	<p>Hence, every JNV should have well defined list of activities under CCA and incorporate in the Institutional plan. Teacher who is Co-coordinating the CCA should monitor the same as per time schedule and record. Due weight age should be given while calculating House position/Cock house position in the Annual Day celebration.</p> <p>Activities identified should cover all the areas which ensure development of holistic personality. Some of the areas are development of Communication Skill, language ability, Social skill, performing art, creative thinking etc.</p> <p><i>CCA should be conducted preferably on Saturday afternoon or in the after noon of any other suitable day where all the teachers/HMs/AHMs should attend to observe the students ability which will help them to observe the student in and outside class room situation. One senior PGT should be made CCA In charge.</i></p>
8	<p>COMPUTER EDUCATION PROGRAMME (C.E.P.)</p> <ul style="list-style-type: none"> - Appointment of qualified FCSA & PGT(Comp.Sc) is to be ensured as per the guidelines of NVS. - AMC to be arranged for proper maintenance of computers and their peripherals. - Through the PGT (Comp. Sci.) and FCSA, arrangement is to be made to train the staff so that the trained staff members can ensure effective implementation of CEP. - Proper record of parts required/ replaced is to be maintained to ensure the quality service. - All relevant software should be made available. - Any defect in the system should be repaired immediately through AMC. - Anti-virus is to be installed in all the systems. - Whenever the students browse internet, proper watch is needed to avoid misuse of the facilities. - Computers are to be put for optimum use. Arrangement also to be made to have practical classes in the afternoon in a planned manner so that the students are benefited more. - Cleanliness is to be ensured in the computer lab. - LCD projector to be fitted permanently in the lab and smart room. - LAN is to be ensured to share the resources - Configuration of the computers may be updated to keep pace with the advancement in the field of computer education.

9	<p>ICT in JNVs</p> <ul style="list-style-type: none"> - Both theory and practicals are to be concentrated together so that the concept studied in theory may be reinforced while practicing in the lab. - All the teachers are to be trained to handle the systems at the school level itself by the computer faculty. If any staff member is not yet trained in effective handling of the computers, the principal of the concerned school should make arrangements for their training without affecting the academic activities of the Vidyalaya. - At least 40 to 50% of relevant topics in each subject to be integrated with ICT. - Teachers should be encouraged to develop their own e-lessons instead of using the ready made CDs commercially available. - E-lessons/contents developed by the teachers are to be arranged topic-wise- class-wise and should be shared with other vidyalayas through subject wise blogs. - Arrangement to be made to have computer clubs by involving the interested staff and students to encourage creativity. - At least two periods for each subject in each class are to be earmarked for ICT. The same is to be mentioned in the time-table to have proper planning. - Competitions related to ICT are to be regularly conducted and winners are to be suitably rewarded so that the same will motivate others. Further, the students and staff are to be motivated to participate in different competitions which are being conducted at State/National/International levels. - World Computer Literacy Day to be observed on 2nd December. - Facilities available in JNVs are to be used to the optimum level, which includes LCD projectors and Laptop. Laptop is to be made available to all the staff for the implementation of ICT. - Students and staff are to be exposed to online educational website to improve the quality of teaching-learning process. - Special mention of the contribution of teachers related to ICT is to be mentioned in ACR of the concerned teacher. - Workshops and seminars are to be organized by inviting renowned resource persons from outside. - For all the classes, split-up syllabus is to be strictly followed and Test/examination is to be conducted like other subjects.
10	<p>USAGE OF INTERNET AND CREATING WEBSITE</p> <ul style="list-style-type: none"> - Arrangement is to be made to have broadband connectivity, even if VSAT facility is available in the JNVs. VSAT facility is to be discontinued

	<p>as soon as BB connectivity is made available.</p> <ul style="list-style-type: none"> - To make the communication faster and to reduce the paper work, correspondence is to be done mostly through email. - By providing internet facility to all the systems, students are to be guided and supervised properly to surf the website and also to download the required information and misuse of facility should be avoided. - A record of the usage of internet facility by the students in the computer lab is to be maintained to have a proper check. - Information bulletin is to be arranged in every JNV, where a display of information about career opportunities may be made after downloading the same from different websites. A responsible teacher is to be made in charge of the same and he/she has to assist the students to apply for different courses by considering the residential nature of JNVs. - Arrangement also to be made available for video conferencing by downloading necessary software. <p>CREATING WEBSITE:</p> <ul style="list-style-type: none"> - There is a need to have own website for every JNV in which all the information about the JNV including the achievements may be posted. - The information displayed in the website is to be periodically updated by forming a committee of staff so that anyone who wants to know about the JNV can collect the information conveniently. - If technical experts are not available in the JNV, along with AMC for computers, arrangement for updating the website may also be made. - Information like innovative practices followed by the staff, creative work of staff and students, achievements and present placements of alumni, achievement of existing students, etc are to be compiled, properly scrutinized and to be displayed only with the approval of the Committee/Principal - Efforts are to be made to have the information both in English and Hindi
11	<p>BROAD BAND:</p> <p>Samiti has moved a proposal regarding Broadband Connectivity/leased line from nearest BSNL telephone exchange to the Vidyalayas. A letter to this effect has been communicated to all the Regional Offices and Principals vide this office letter No.F.2-110/2010-NVS (EDP)/Pt. dated 29th December, 2010. The Principals have been requested to give the details of nearest BSNL station, the distance to the Vidyalaya, the availability of Broadband connectivity, address, telephone number, e-mail ID to their respective Regional Offices for consolidation and to transmit the information to CO,</p>

	<p>Broadband, BSNL, Delhi. As suggested by Deptt. of Computer Education and Technological Aids, NCERT, JNVs are required to go for 5 mbps connection, expandable to 10 mbps bandwidth for installation of 50 to 60 Computers. A server and a firewall (hardware based) will also be required to manage and distribute the bandwidth across the LAN.</p>
<p>12</p>	<p>PROMOTION AND DEVELOPMENT OF SCIENTIFIC SPIRIT: The main objective for Navodaya Scheme is to provide quality education to the children predominantly from rural areas. DEVELOPING COMMUNICATION SKILLS:

In the wake of globalization, English has become the international language of business and communication. It occupies a unique place of importance being a living and ever growing language widely spoken and written. Therefore, it is necessary to prepare the students of Navodaya to be proficient in all the four basic skills namely listening, speaking, reading and writing which is of paramount importance. Deliberate steps should be taken to nurture effective communication.

There are different approaches and methodologies available for effective teaching of English. It is advisable to adopt Communicative Language Teaching (CLT) approach in English in all classes so as to provide an opportunity for learner to freely acquire proficiency in all the four major skills of the language as this approach provides enough scope for integration of skills rather than teaching a skill in isolation.

A few ways to develop communicative skills in students:

- a) Effective classroom management in language class by the teacher.
- b) Activities for strengthening communicative skills like Role play / seminar / panel discussion / debate / dialogue / picture description / pick & speak / interview / extempore / elocution etc., should be taken up in pair / group / whole class / whole school regularly.
- c) The role of English Literary Club (ELC) in particular and other clubs in general should function effectively for creating enough opportunities and situations for students to acquire proficiency in the language.
- d) School Assembly should be a forum for developing public speaking skill within the given time apart from teachers speaking effectively on important occasions for effective models and guest speakers arranged for this purpose.
- e) Regular use of Audio/Video, TV should be exploited for learning the skills of the language. Regular viewing of TV programmes like News, Talk show, Panel Discussion, Interview may help learn the language effectively.

Therefore, deliberate attempt should be made to expose the students on various ways for learning the language and use it effectively. To achieve this, language committee meetings should be periodically conducted and each vidyalaya should evolve suitable methods and approaches for this purpose.

20	<p>WALL MAGAZINE:</p> <p>Wall magazines are a medium with in the educational institutions for the students to express their creativity. The wall magazines can be set up at class level, house level and vidyalaya level. Quality items can be compiled and preserved in the vidyalaya library. 28	<p>YOUTH PARLIAMENT:</p> <p>Parliamentary democracy has taken roots in our country and, therefore, from the point of view of further strengthening democracy the Fourth All India Whips' Conference held in Bombay in 1962, conceived the idea of encouraging the Youth Parliament in educational institutions.</p>

Youth parliament has a special importance in developing an insight in the young students. Thus, the purpose of having Youth Parliament in NVS is:

- a. To make students understand the parliamentary procedure.
- b. To develop in students an insight into the working of parliament
- c. To make students consider public issues and form their opinion on them.
- d. To train students in the technique of group discussion
- e. To develop in students an ability to arrive at a decision after group discussion.
- f. To develop them in them respect and tolerance for the views of others.
- g. To develop in them an understanding that respect for rules is essential for conducting any discussion systematically and effectively.
- h. To train students in group behaviour.
- i. To make students aware of various problems facing our society and the country.
- j. To develop in students the quality of leadership.
- k. To make students understand the common man's point of view and express it in an articulated manner.

The following activities are to be carried out:

ART-IN- EDUCATION:

Art in Education work shop is an empirical activity which involves seeing, observing, interpreting, discovering, imagining, reproducing, rehearsing, group decision making and polishing of skills. It facilitates aesthetic experience and learning. A diversity of art activities encourages creativity, often stems from cognitive thought processes in the students. It encourages independent thought through critical thinking, reflection, reasoning, analysis and synthesis.

Art in education gives an excellent opportunity for students to give an outlet to their originality. Different concepts are to be given to different schools. Each school is able to bring to the lime light the culture and tradition of that locality. It helps in inculcating moral values pertaining local and global issue. They help to foster, nurture and kindle the latent talent in the child. They develop a broader view regarding various forms of drama, folk songs, folk dances, theatre and creative writing.

It increases student's performance in academic areas as these activities require exercising the brain of the young child. It strongly improves their free expression. Student acquires some of the process of theatre. They explore and experiment with techniques and develop ideas.

Proposed Related Activities:

1. Proposals are to be received from JNVs for the conduct of Art in Education Work shop
2. Identification of JNVs and areas of workshop on the basis of local resources and culture by RO in April, 2011
3. Intimation to identified JNVs by NVS RO to identify the subject experts and assistants in the allotted area.
4. Intimation of details to NVS Hqrs. by NVS RO for approval.
5. Communicating the approval of NVS by NVS RO to the concerned JNVs for organizing the workshop.
6. Conduct of workshop as per the directions of Samiti with the support of local resource persons.
7. Preparing the students for the participation in the regional cultural and literary meet.
8. Recorded version of the workshop on CDs to be forwarded to the NVS RO along with a detailed report including the expenditure incurred by the concerned JNV.
9. The R.O will compile the recorded versions of the workshop of various JNVs and forward the same to the Hqrs
10. The concerned Regional Office to provide opportunities to the students to showcase their talents and creativity during Regional Cultural and Literary Meet.

30	<p>NCC: The main aim of starting NCC in JNVs is to develop character, comradeship, discipline, leadership, secular outlook, spirit of adventure and the ideals of selfless service amongst the students, and to create a human resource of organized, trained and motivated youth, to provide leadership in all walks of life and always available for the service of the nation. In JNVs where NCC facilities are available, a suitable environment should be created to motivate the students to take up a career in the Armed Forces. Proper safety precautions to be taken while sending the cadets to attend various NCC Camps. NCC Day should be celebrated on 4th Sunday of November every year.</p>																											
31	<p>SCOUTS & GUIDES: Every JNV should have a functional Scouts & Guides Unit so that the JNV students who are in scouts and guides would enjoy outing in the lap of mother nature, gets satisfaction in helping others, and brave enough to face challenges. Hence it is suggested to involve the Scouts and Guides in self learning and other social activities of the Vidyalaya on the campus to make them more self motivated, Trust Worthy, Loyal, Friendly, Courteous, Environmental conscious, self disciplined, courageous, and pure in thought, work & deed. BRAND EQUITY:

Brand is a name, what that name stands for and the associations people make with the name when they hear it. Such as the reaction people have, when you say JNV or Navodaya or Jawahar Navodaya Vidyalaya. The challenge for many public, private and Govt. educational institutes is that most people have not heard of them or know little about them. Without a brand strategy the only equity they have is a school. In commerce, brand equity adds value. It increases the price of a product or share of stock. In education, it increases the popularity of the organisation. The stake holders become the fore runners in the society. They make a positive difference in their own lives and in the society. Thus the Brand Equity is the intangible value of an institution or an organisation based on stake holder's perception in the society. A brand with strong equity tends to be well known and thought of positively by many people in the society.

Navodaya in one of its kind, which is able to forecast the future demands of the society and accordingly imparting training to the students. It is enjoying strong brand equity already. To make it a synosure of attraction and a hub of pedagogical activities, the staff needs to sharpen their skills on day to day basis. The popularity the JNV brand is enjoying can certainly be ascribed to the vision and commitment of NVS officials in Headquarters, Regional Offices, Principals and teachers. The Brand Equity gets enhanced and improved on, when our children go to hold command in Science & Technology, research in reputed National level institutes, Universities of the country and administrative services. The NVS Headquarter is seriously reflecting on opening specialized Science based institutes to cater to such demands. It is a proactive step towards strengthening and sustaining Brand Equity.

Thus the students, who go out of JNVs will be the best suited individuals to lead their own lives and to lead the country. They will be mentally alert, physically fit, psychologically healthy and spiritually sound. They will be multi taskers, creative, innovative and eco friendly which are the most desirable attributes for the 'Knowledge Society' into which the world is marching. These characteristics will uphold the Navodaya Brand and we can be a unique brand in the Secondary and Senior Secondary Education in India and abroad.

'NAVODAYA IS A DYNAMIC CONCEPT WHICH PRODUCES AS PER THE DEMANDS AND REQUIREMENTS OF SOCIETY'

RESULT FRAMEWORK DOCUMENT (RFD)

The Department of School Education & Literacy in the Ministry of Human Resource Development, Govt. of India is in the process of finalization of its strategic plan for the next five years. In order to reflect the concerns of all the stake-holders, the Department of School Education proposes for preparation of Result Framework Document (RFD) with the objectives of focusing the progress in moving the organization from process of orientation to result orientation and to evaluate overall performance of the organization at the end of the year. The Result Framework Document should contain vision, mission, objectives, function and key objectives of success indicators.

In order to prepare the documents at the Hqrs. level, a sample format which is being followed is also available on the website of the Department of School Education & Literacy i.e.
<http://education.nic.in/Elementary/elementary.asp>

The Vidyalayas will prepare their own RFD which will be transmitted to the concerned Regional Office and RO will prepare RFD for the Regional office which will be transmitted to Hqrs. The Vidyalayas and Regional Offices should download the information from the website and a discussion need to be made for preparation of RFD.

Mess staff should be neatly dressed when they enter dinning hall during preparation and serving of meals. 10. All precautions related to safety and security aspects in the Mess, which are circulated by NVS from time to time to be strictly implemented. 11. The Vice-Principal / Senior Teacher in position will be responsible for proper functioning of the mess. The staff Nurse should regularly taste food before serving to the students and submit the report for necessary follow up action.
07	<p>HOUSE SYSTEM:</p> <p>Education is a holistic process. It aims at preparing children who are physically fit, mentally alert, emotionally balanced, & intellectually vibrant. A residential system of education helps to foster the talents, potentials, and capacities of the child with inculcation of values. The efficiency and effectiveness of a residential school depends upon the quality of the House system functioning in that school. A House consists of group of children effectively led by responsible teacher (House Master) who acts as a parent, guide, philosopher, and friend for every member of the House. A House inherently provides a family atmosphere in making the child physically fit, socially adjusted, emotionally balanced, and morally upright.</p> <p>OBJECTIVES OF HOUSE SYSTEM:</p> <p>The objectives of adopting House system in a Jawahar Navodaya Vidyalaya are to:</p> <ol style="list-style-type: none"> 1. Provide a smooth transition from home life to school life; 2. Develop situations, which fulfill the social and emotional needs of the children; 3. Help socialization of pupils to integrate themselves well into corporate life; 4. Inculcate the sense of responsibility to take his tasks in life earnest and discharge them well;

5. Prepare pupils to play different kinds of roles as members of a group, community, or society;
6. Develop child's personality and integrity;
7. Develop the spirit of healthy competition among the children;
8. Inculcate the qualities of self-dignity, self-confidence and respect the others' views, opinions, and discretion to take their own decisions on issues and problems at hand;
9. Develop a sense of belongingness among the pupils and to create a sense of desire to live in harmony;
10. Benefit by bright example of others and benefit others by his own example;
11. Inculcate in the child, respect for seniors, elders, teachers, and a caring attitude towards juniors and fraternity towards all;
12. Learn to live and enjoy together and develop a degree of sensitivity for others feelings and needs.

FORMATION OF HOUSES:

As per NVS guide lines, two-tier system of House shall function in a Navodaya Vidyalaya-

- (i) Junior Houses for Classes VI to VIII
- (ii) Senior Houses for Classes IX to XII

In a full-fledged Vidyalaya, there will be four junior houses, four senior houses, and two houses for girls (one from classes VI to VIII and another from classes IX to XII). Therefore, there will be eight House Masters for boys and two for girls. Average strength of a House shall be 50. (in case of girls house it may be more than 50). Though all the girls in a JNV have been placed under two Houses (Junior and Senior) for effective supervision and management both the Houses shall be further divided into four groups for the conduct of Inter House activities. Each group of girls of a Junior House shall be linked with a Junior House (boys) of the same House and similarly each group of girls of Senior House shall be linked with the corresponding Senior House (boys) for the purpose of inter house competition. This creates a healthy competitive atmosphere.

NAMES OF HOUSES:

Since JNVs have been established in every corner of the country, name of the Houses should also reflect the all India character of Vidyalaya. This will create feeling 'onenesses not only among the Vidyalayas but also among the children who migrate in class IX from one linguistic region to another. Keeping this in view, following four names are recommended by the NVS for maintaining uniformity in all JNVs

Senior House- 'A'	Junior House- 'B'
ARAVALI-A	ARAVALI-B
NILGIRI-A	NILGIRI-B
SHIVALIK-A	SHIVALIK-B
UDAIGIRI-A	UDAIGIRI-B

As stated earlier, administratively there will be two Houses for girls under two House Masters. Senior House for girls may be called 'A' House and Junior as 'B' House. For conduct of Inter House activities these Houses will be further divided into four groups:

Senior House(Girls)- 'A'	Junior House(Girls)- 'B'
ARAVALI-A	ARAVALI-B
NILGIRI-A	NILGIRI-B
SHIVALIK-A	SHIVALIK-B
UDAIGIRI-A	UDAIGIRI-B

ALLOTMENT OF HOUSES:

Each child must be allotted a House on the day he/she is admitted to the Vidyalaya. The House of a girl or a boy should not be changed till class XII. It is not advisable to reshuffle Houses every year, once a child joins a House, he/she should continue in the same House till he/she passes out of Vidyalaya.

HOUSE COLOURS: Colours for House flags, badges, T-shirts etc. should be allotted in the following manner-

ARAVALI	-	BLUE
NILGIRI	-	GREEN
SHIVALIK	-	RED
UDAIGIRI	-	YELLOW

HOUSE APPOINTMENTS AND THEIR DUTIES:

Each House (Senior & Junior) should have following appointments, which should be awarded to children on account of their good performance in every activity of the Vidyalaya-

House Captain:	1	
House Vice-Captain:	1	
Prefects:	2	or as per the guidelines by the Principal

08	<p>ROLE OF TEACHERS AND PARENTS IN JNVS:</p> <p>A. ROLE OF TEACHERS:</p> <p>Gone are the days of classical model of teachers. It is very difficult to delineate and define the role of Navodaya teachers as they perform multiple tasks. A meaningful profile of teachers can be carved out of enlisting duties of a professional Navodaya teacher.</p> <p>Children are admitted in class VI in Navodaya schools in the CBSE syllabus and 75% of them are from the vernacular mediums and rural areas. Since Navodaya Vidyalayas are residential co-educational schools, the teachers ought to extend a deep sense of understanding and show parental care and affection. Thereby they identify the latent talents and skills of the child. They are the custodians of the children vested under their care and take care of their psychological and emotional safety as well. Subsequently it is proved that wards from vernacular mediums stand first in class within three months of their inception. All these require qualities of head and heart.</p>

Navodaya Teachers have to be not only competent but current by periodic updating of knowledge and skill. Navodaya teachers have to make learning an easy task for students. Navodaya teacher is a systematic planner of curriculum transaction with annual plan and unit plan as well. Remedial study hours provide flexibility to make improvements on the basis of feedback and continuous evaluation strategies.

Consistent value oriented teaching inculcates in the learner an urge to lead a healthy and meaningful life. Life skills such as empathy, sympathy, helping each other, problem solving, decision making and collaborative pursuits are acquired by the learner. Students acquire entrepreneurial attitude during their stay and study in Navodaya schools. Their classrooms, CCA and ECA provide ample opportunities.

Navodaya students spend a lion share of their time years in JNVs. It is indispensable that the teachers should develop a strong and continuous rapport with the students bestowed to their care. Here the teacher is objective regardless of their family or financial background.

Navodaya teacher must be a good counselor. As adolescent children's minds are turbulent with stress, Teachers are to play a significant role in grasping things in the proper perspective and act as a guide. Hence children look upon teachers as their mentor .

A Navodaya teacher must be alert for the signs of physical and emotional problems that a parent might miss. Poor class performance can be a sign of such stress. Here teachers are required to have certain level of stress management. Teachers have to motivate the parents which in turn makes parents recognize the real talent of their children.

Teachers are to play such a vital role in almost all aspects of students life and development. It is apt to say that Navodaya teacher must be more than a computer, a book of knowledge, a parent, a friend, a guide, a philosopher, a role model and more than anything but everything to his/her students. Navodaya teacher is to be a responsible professional, accountable to the students, society and nation at large.

Profile of an Effective Teacher

- (i) He communicates warmth, understanding and empathy to his students
- (ii) He generates enthusiasm for learning in his classroom.
- (iii) He creates positive classroom learning environment through climate of acceptance, caring, feeling of being safe and secure, etc.

- (iv) He makes effective use of his available time.
- (v) His positive attitude and beliefs have a powerful impact on student learning.
- (vi) He has effective communication skill.
- (vii) He values his pupils and accepts their opinions.
- (viii) He is democratic in his orientation and does not ridicule his learners.
- (ix) He is the master of his subject and is capable of giving explanations at different levels so that he can reach all his students.
- (x) He possesses conceptual clarity
- (xi) He has healthy attitude towards his profession.
- (xii) He constantly updates himself by gathering student feedback and self analysis.
- (xiii) He is more like a friend, philosopher, and guide to his learners.
- (xiv) He grows professionally by participating in special lectures, in-service workshop etc., so that he is in touch with the latest happenings in his field.

An effective teacher is thus, a multifaceted professional playing the different roles of a facilitator, curriculum creator, counselor and a role model for his learners. He knows how to manage his stress effectively and takes pride in being 'teacher'

QUALITIES OF AN IDEAL NAVODAYA TEACHER:

1. He/She should identify himself/herself with the institution.
2. He/She must have the commitment towards his/her profession.
3. He/She must have positive attitude towards the system.
4. He/She must be sincere and punctual.
5. He/She should possess deep knowledge in the subject.

23. Should not adopt corporal punishment.
24. Friend, philosopher, and guide.
25. He/She should assist the administration in all possible ways.
26. Sense of humour.

B. Role of Parents In JNVs:

Parents are the key to the success of JNVs or for that matter any educational organization. Let parents and schools work together to build meaningful and effective relationship that recognize and respect the role of parents, students and teachers in educating each child.

When a child enters the Navodaya system at the tender age of 11 he is introduced to a new world entirely different from what he had experienced till then. The shared dormitories, mess, bathrooms and toilets, daily routines and the feeling of alienation of being sent away from home makes the parent child relation complicated. It is a tight rope walk for the parent and the situation needs to be handled with tact and sensitivity. It is the duty of the parent to help the child to adapt and assimilate the system smoothly.

To make this possible parent should communicate regularly with their children regarding peers, activities, assignments and teachers. They should set realistic goals for their child and convince them how Navodaya Vidyalaya can help them accomplish it. Separate the failures from the child because failure in a test does not imply failure in life. Focus on the child's strength and support their weakness. The child should feel that his problem is the family's problem too.

Just as parental communication with the child is important, communication with teachers and administrators is also important. Any and all observations of problem or issues must be reported to the school. To maintain good relation with the school treat every member of the school community with decorum and respect. Recognize efforts, hard work and perseverance when you see it. The main forum for parental involvement in a school is the Parent Teacher Council. Parents must actively support the PTC. Open houses and scheduled parent meetings

	<p>allow parents and staff to communicate one to one and for parents to get to know all the staff. By developing a school- parent team approach the students find it harder to turn parents against the school or follow a divide and rule manipulation. A good parent school relation helps the authority to solve disciplinary issues easily. In addition parents feel valued by being able to influence the school's decisions thus empowering them as parents. In short appropriate parental involvement in the education of a child is highly effective in providing a solid educational foundation for higher studies.</p>																
09	<p>VAC & VMC MEETING: VMC/VAC & PTC must be constituted in the Vidyalaya as per the guidelines of NVS Hqrs. Regular conduct of the meetings must be ensured. The decisions taken during the meetings should be implemented for further growth of the vidyalaya. <i>The details of composition of VMC/VAC & PTC, their functions and powers have been given in details in the NVS Compendium of Circulars.</i></p> <p>The proper functioning of VMC/VAC & PTC helps in the strengthening of cordial interpersonal relations with district authorities, parents and other local communities. Hence, it must be ensured that these systems functions effectively. Periodical reports of the conduct of VMC/VAC & PTC must be submitted to the R.O regularly.</p>

AVAILABILITY OF PRINCIPALS AND TEACHERS:

Navodaya Vidyalayas are Co-Educational residential schools, a unique one in Educational System of India. Since the students studying in Navodaya Vidyalayas are away from the parents, the teachers and Principal have to play a vital role in shaping the carrier and all round personality development of children. The role of a teacher and a principal in Navodaya system is not only to teach the child but also to look after the emotional needs of a child who are in the age of adolescence. The staff of Navodaya vidyalayas has to play the role of a parent, teacher, guide, and philosopher - what else -every thing to meet the demands of the job in the system round the clock.

In general, there are number of teacher posts vacant in schools in Indian Education system and in particular in Navodaya system. Because of the non availability of a Principal/teacher in a particular school day to day work should not get hampered. The following steps can be taken to see that all the Principal/teacher posts are filled in Navodayas.

1. Identifying the vacant posts of principal and teachers.
2. Estimation of future vacancies due to retirement/resignation/newly creation etc.
3. To initiate steps in advance for recruitment/selection/promotion etc.
4. Having a judicious transfer policy to see that no employee gets dissatisfied because of their place of posting.
5. Completing transfer/promotions/selection before the start of the academic year.
6. To have a panel of teacher's subject wise selected on contract basis to make appointments for the vacant posts.
7. To ensure satisfactory service conditions for the employees serving in Samiti.
8. In case of urgency transferring / posting of eligible staff against the vacant post of Principal/vice Principal/PGT on trial basis, based on the seniority cum fitness. Considering the services rendered by the staff at higher level for further promotional purposes.
9. Identifying the personal with right aptitude for the job.
10. In no circumstances the post of a Principal or a teacher should go vacant in Navodayas which may hamper the whole functioning of the system thereby defeating the purpose.

Settlement of Advance - Settlement of outstanding advance should be made on time. It should be done within one week from the last date of purchase in case of normal advance and within a month from the date of return journey in case of LTC/TA. Non-compliance of this instruction will lead to penalty as per norms.

Maintenance of Service Books & CPF/GSLIS subscription - Maintenance of Service Books and CPF/GSLIS subscription should be done timely.

Monthly Account - Sending of Monthly Account by 10th of every month.

COMMON MISTAKES IN PURCHASE PROCEDURE:

1. **Lowest quoted rate is much more than the prevailing market price.** This is due to absence of Market Survey. The PAC had to certify that the lowest price quoted is reasonable as per prevailing market rates, otherwise go for fresh tender/enquiry letters.
2. **Paying prices more than MRP.** It is not at all allowed. Prices can be quoted in respect of standard brand items as percentage of discount on MRP.
3. **Lowest quoted item is of less quality.** To avoid this, specification should be written properly or brand items as percentage of discount on MRP.
4. If the successful tenderer withdraws after finalization of contract or after supply for some time, security deposit should be forfeited. Contract can be given to the second lowest tenderer if the prices quoted by him are reasonable as per the observations of the P.A.C. If the Vidyalaya is compelled to reject the lowest quotation and needs to accept prices other than lowest quoted prices, approval of the Chairman V.M.C is required specifically mentioning the reason thereof.

5. **Not receiving minimum of three quotations.** After market survey, enquiry letters may be sent to leading firms/suppliers in the nearby market. Addresses of such suppliers may be obtained from nearby educational institutions, universities etc.
6. **P.A.C is not represented by members other than vidyalaya staff.** Nominee of Chairman VMC or DEC/EE should be members of PAC
7. Quotations should be received in sealed covers.
8. The cover as well as quotations should be signed by all members of PAC
9. Comparative statement should be signed by all members of PAC.
10. There should be common units for the items to be purchased i.e. either in Kgs. Or liters numbers etc. so as to ensure proper comparison. Fruits may be in Kgs. Instead of numbers/dozens to avoid supply of small fruits.
11. Price should be inclusive of all, that is including taxes and after discount. If some firms add taxes extra or effect discount, the net value may be worked out and shown in the comparative statement.
12. If there are any corrections in the quotations, it should be attested by the tenderer as well as the members of PAC.
13. Purchasing more than the requirement this is due to lack of planning. Staff of concerned depts. may be asked to prepare the list of items required duly indicating the existing stock with the due regard to the sealing limits prescribed by the Samiti eg.(a) Note books (b) lab. Equipment (c) uniform etc. usually purchased in excess.
14. Receiving less quantity or articles of low quality. A verification committee should be formed to inspect the items purchased. Wherever the individual items cost more than Rs.2000/- .The Principal should personally verify the items and certify it. Services of a technical expert may be utilized wherever required.
